

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA Hazard Communication Standard (29 CFR 1910.1200) and Canada WHMIS  
2015 which includes the amended Hazardous Products Act (HPA) and the Hazardous  
Products Regulation (HPR)

Issuing Date 10/17/2023

Revision date 10/17/2023

Revision Number 1

## 1. Identification

### Product identifier

**Product Name** Butylated Hydroxytoluene

### Other means of identification

**Product Code(s)** RM00026

**UN number or ID number** UN3077

**Synonyms** 2,6-di-tert-butyl-p-cresol; 2,6-di-tert-butyl-4-methylphenol

**CAS No** 128-37-0

### Recommended use of the chemical and restrictions on use

**Recommended use** Food Additive. Industrial use

**Restrictions on use** No information available

### Details of the supplier of the safety data sheet

#### Supplier Address

Wego Chemical Group LP  
239 Great Neck Road  
Great Neck NY 11021  
+1 (516) 487 3510  
regulatory@wegochem.com

### Emergency telephone number

**Emergency Telephone** (ChemTel) +1-800 255-3924; INTL +1-813 248-0585

## 2. Hazard(s) identification

### Classification

**Appearance** Crystalline powder

**Physical state** Solid

**Odor** No information available

### Label elements

#### **Warning**

#### **Hazard statements**

Very toxic to aquatic life with long lasting effects

**Precautionary Statements - Prevention**

Avoid release to the environment

**Spill**

Collect spillage

**Precautionary Statements - Disposal**

Dispose of contents and container in accordance with local, regional, national, and international regulations as applicable

**Other information**

No information available.

**3. Composition/information on ingredients****Substance****Synonyms**

2,6-di-tert-butyl-p-cresol; 2,6-di-tert-butyl-4-methylphenol.

**Formula**C<sub>15</sub>H<sub>24</sub>O

| Chemical name                  | CAS No.  | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|--------------------------------|----------|----------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Butylated Hydroxytoluene (BHT) | 128-37-0 | 100      | -                                                                            | -                                                           |

**4. First-aid measures****Description of first aid measures****Inhalation**

Remove to fresh air.

**Eye contact**

Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.

**Skin contact**

Wash skin with soap and water.

**Ingestion**

Rinse mouth.

**Most important symptoms and effects, both acute and delayed****Symptoms**

May cause redness and tearing of the eyes. Irritating.

**Indication of any immediate medical attention and special treatment needed****Note to physicians**

Treat symptomatically.

## 5. Fire-fighting measures

|                                                                       |                                                                                                                                                                                |
|-----------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>                                   | Dry chemical, CO <sub>2</sub> , alcohol-resistant foam or water spray. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| <b>Large Fire</b>                                                     | CAUTION: Use of water spray when fighting fire may be inefficient.                                                                                                             |
| <b>Unsuitable extinguishing media</b>                                 | Do not scatter spilled material with high pressure water streams.                                                                                                              |
| <b>Specific hazards arising from the chemical</b>                     | No information available.                                                                                                                                                      |
| <b>Hazardous combustion products</b>                                  | Thermal decomposition can lead to release of irritating and toxic gases and vapors. Carbon monoxide. Carbon dioxide (CO <sub>2</sub> ).                                        |
| <b>Explosion data</b>                                                 |                                                                                                                                                                                |
| <b>Sensitivity to mechanical impact</b>                               | None.                                                                                                                                                                          |
| <b>Sensitivity to static discharge</b>                                | None.                                                                                                                                                                          |
| <b>Special protective equipment and precautions for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.                                             |

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

|                             |                              |
|-----------------------------|------------------------------|
| <b>Personal precautions</b> | Ensure adequate ventilation. |
|-----------------------------|------------------------------|

### Methods and material for containment and cleaning up

|                                |                                                                                                                                                            |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Methods for containment</b> | Prevent further leakage or spillage if safe to do so.                                                                                                      |
| <b>Methods for cleaning up</b> | Use appropriate personal protective equipment (PPE). Carefully shovel or sweep up spilled material and place in suitable container. Avoid generating dust. |

## 7. Handling and storage

### Precautions for safe handling

|                                |                                                                        |
|--------------------------------|------------------------------------------------------------------------|
| <b>Advice on safe handling</b> | Handle in accordance with good industrial hygiene and safety practice. |
|--------------------------------|------------------------------------------------------------------------|

### Conditions for safe storage, including any incompatibilities

|                           |                                                                          |
|---------------------------|--------------------------------------------------------------------------|
| <b>Storage Conditions</b> | Keep containers tightly closed in a dry, cool and well-ventilated place. |
|---------------------------|--------------------------------------------------------------------------|

## 8. Exposure controls/personal protection

### Control parameters

#### Exposure Limits

| Chemical name                              | ACGIH TLV                                                | OSHA PEL                            | NIOSH                     |
|--------------------------------------------|----------------------------------------------------------|-------------------------------------|---------------------------|
| Butylated Hydroxytoluene (BHT)<br>128-37-0 | TWA: 2 mg/m <sup>3</sup> inhalable<br>fraction and vapor | (vacated) TWA: 10 mg/m <sup>3</sup> | TWA: 10 mg/m <sup>3</sup> |

| Chemical name                              | Alberta                   | British Columbia         | Ontario                  | Quebec                   |
|--------------------------------------------|---------------------------|--------------------------|--------------------------|--------------------------|
| Butylated Hydroxytoluene (BHT)<br>128-37-0 | TWA: 10 mg/m <sup>3</sup> | TWA: 2 mg/m <sup>3</sup> | TWA: 2 mg/m <sup>3</sup> | TWA: 2 mg/m <sup>3</sup> |

**Appropriate engineering controls**

**Engineering controls** Ensure adequate ventilation, especially in confined areas.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** Wear safety glasses with side shields (or goggles).

**Hand protection** Wear suitable gloves.

**Skin and body protection** Wear suitable protective clothing.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

**9. Physical and chemical properties****Information on basic physical and chemical properties**

|                       |                          |
|-----------------------|--------------------------|
| <b>Physical state</b> | Solid                    |
| <b>Appearance</b>     | Crystalline powder       |
| <b>Color</b>          | No information available |
| <b>Odor</b>           | No information available |
| <b>Odor threshold</b> | No information available |

| <b>Property</b>                                | <b>Values</b>                 | <b>Remarks • Method</b> |
|------------------------------------------------|-------------------------------|-------------------------|
| <b>pH</b>                                      | No data available             | None known              |
| <b>Melting point / freezing point</b>          | 69 - 73 °C / 156.2 - 163.4 °F | None known              |
| <b>Initial boiling point and boiling range</b> | 265 °C / 509 °F               | None known              |
| <b>Flash point</b>                             | 127 °C / 260.6 °F             | CC (closed cup)         |
| <b>Evaporation rate</b>                        | No data available             | None known              |
| <b>Flammability</b>                            | No data available             | None known              |
| <b>Flammability Limit in Air</b>               |                               | None known              |
| <b>Upper flammability or explosive limits</b>  | No data available             |                         |
| <b>Lower flammability or explosive limits</b>  | No data available             |                         |
| <b>Vapor pressure</b>                          | No data available             | None known              |
| <b>Relative vapor density</b>                  | No data available             | None known              |
| <b>Relative density</b>                        | 1.05                          | None known              |
| <b>Water solubility</b>                        | Insoluble in water            | None known              |
| <b>Solubility(ies)</b>                         | No data available             | None known              |
| <b>Partition coefficient</b>                   | 5.1                           | None known              |
| <b>Autoignition temperature</b>                | 470 °C / 878.0 °F             | None known              |
| <b>Decomposition temperature</b>               | No data available             | None known              |
| <b>Kinematic viscosity</b>                     | No data available             | None known              |
| <b>Dynamic viscosity</b>                       | No data available             | None known              |

**Other information**

**Explosive properties** No information available

|                      |                          |
|----------------------|--------------------------|
| Oxidizing properties | No information available |
| Softening point      | No information available |
| Molecular weight     | 220.36                   |
| VOC content          | No information available |
| Liquid Density       | No information available |
| Bulk density         | No information available |

## 10. Stability and reactivity

|                                    |                                                                                                    |
|------------------------------------|----------------------------------------------------------------------------------------------------|
| Reactivity                         | No information available.                                                                          |
| Chemical stability                 | Stable under normal conditions.                                                                    |
| Possibility of hazardous reactions | None under normal processing.                                                                      |
| Conditions to avoid                | Avoid generation of dust.                                                                          |
| Incompatible materials             | Acid anhydrides. Alkali. Oxidizing agent.                                                          |
| Hazardous decomposition products   | Thermal decomposition can lead to release of irritating and toxic gases and vapors. Carbon oxides. |

## 11. Toxicological information

### Information on likely routes of exposure

|              |                                                                   |
|--------------|-------------------------------------------------------------------|
| Inhalation   | Specific test data for the substance or mixture is not available. |
| Eye contact  | Specific test data for the substance or mixture is not available. |
| Skin contact | Specific test data for the substance or mixture is not available. |
| Ingestion    | Specific test data for the substance or mixture is not available. |

### Symptoms related to the physical, chemical and toxicological characteristics

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

### Acute toxicity

### Numerical measures of toxicity

#### Component Information

| Chemical name                              | Oral LD50            | Dermal LD50 | Inhalation LC50 |
|--------------------------------------------|----------------------|-------------|-----------------|
| Butylated Hydroxytoluene (BHT)<br>128-37-0 | > 2930 mg/kg ( Rat ) | -           | -               |

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                                   |                           |
|-----------------------------------|---------------------------|
| Skin corrosion/irritation         | No information available. |
| Serious eye damage/eye irritation | No information available. |
| Respiratory or skin sensitization | No information available. |

**Germ cell mutagenicity** No information available.

**Carcinogenicity** No information available.

The table below indicates whether each agency has listed any ingredient as a carcinogen.

| Chemical name                              | ACGIH | IARC    | NTP | OSHA |
|--------------------------------------------|-------|---------|-----|------|
| Butylated Hydroxytoluene (BHT)<br>128-37-0 | -     | Group 3 | -   | -    |

**Legend**

**IARC (International Agency for Research on Cancer)**

Group 3 - Not Classifiable as to Carcinogenicity in Humans

**Reproductive toxicity** No information available.

**STOT - single exposure** No information available.

**STOT - repeated exposure** No information available.

**Target organ effects** Eyes, Skin.

**Aspiration hazard** No information available.

## 12. Ecological information

**Ecotoxicity** Very toxic to aquatic life with long lasting effects.

| Chemical name                              | Algae/aquatic plants                                                                                  | Fish                                  | Toxicity to microorganisms | Crustacea                            |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------|---------------------------------------|----------------------------|--------------------------------------|
| Butylated Hydroxytoluene (BHT)<br>128-37-0 | EC50: =6mg/L (72h, Pseudokirchneriella subcapitata)<br>EC50: >0.42mg/L (72h, Desmodesmus subspicatus) | LC50: =1.1mg/L (48h, Oryzias latipes) | -                          | EC50: =0.48mg/L (48h, Daphnia magna) |

**Persistence and degradability** No information available.

### Bioaccumulation

#### Component Information

| Chemical name                              | Partition coefficient |
|--------------------------------------------|-----------------------|
| Butylated Hydroxytoluene (BHT)<br>128-37-0 | 5.1                   |

**Mobility in soil** No information available.

**Other adverse effects** No information available.

## 13. Disposal considerations

### Disposal methods

|                                            |                                                                                                                 |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Waste from residues/unused products</b> | Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation. |
| <b>Contaminated packaging</b>              | Do not reuse empty containers.                                                                                  |

## 14. Transport information

**Note:** This product is not mandatorily regulated by DOT unless shipped in bulk containers (>119 gallons liquid / >400 kg solid). This material meets the UN/IMDG criteria as a marine pollutant. Although not required, this may also be classified as a marine pollutant in the US

| <b>Description</b>                | UN3077, Environmentally hazardous substance, solid, n.o.s. (Butylated Hydroxytoluene (BHT)), 9, III |

**Equipment Requirements** A, PP

## 15. Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Regulations

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

#### International Inventories

**TSCA** Complies.

| Chemical name                  | CAS No.  | US TSCA Inventory listing | US TSCA inactive/active designation |
|--------------------------------|----------|---------------------------|-------------------------------------|
| Butylated Hydroxytoluene (BHT) | 128-37-0 | Present                   | Active                              |

|               |           |

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations****California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**

| Chemical name                              | New Jersey | Massachusetts | Pennsylvania |
